Instruction for authors

Scientific papers must be written in Russian or English and contain: introduction, materials and methods, results description, conclusion and suggestions, reference list.

Papers from five to eight full A4 format pages (210x297) must be typed in Microsoft Word Processor with the parameters: all margins – 2,5 cm, style – common, font – Times New Roman, font size – 14 (in tables, 12 allowed), width aligned, line spacing – 1.5. Tables must be created in Microsoft Word, the tables auto fit – the window width, formulas must be typed in Microsoft Equation Processor. Black and white pictures only using hatch, without filling and halftones are allowed.

The file must be titled with the first author's surname and two first words of the article title.

Materials must be arranged as shown on the template.

The table header must be printed with the semi-bold font type in the center. Tables are numbered if they are more than one. The text must contain the link to a table. The table number must be indicated before its header without the word "Table". The illustration name (picture, graph) must be placed under it after the explaining inscription, numbered (Fig.1). The number must be written before the picture name.

In the end of the article references (bibliography list) must be arranged according to the GOST R 7.0.5-2008 (font – 12), in alphabetical order: first – Russian, then – foreign languages. The link to the reference in the text must be given in square brackets in a plain text format [1].

Proceedings Book will be published online on the official webpage of the Academy pgsha.ru, archived and indexed in the Russian Science Citation Index database.
